STUDENT LEADER

A student leader is a middle-school or high-school student who wants to help lead the younger generation of preschool- or grade-school-age children. This is a great opportunity for students to learn what it means to serve in ministry. A church that encourages student leaders to serve not only meets volunteer needs but trains students to become tomorrow's church leaders.

Churches define the principle role of a student leader. In some churches, student leaders assist adult leaders in all aspects of the ministry.

What makes a great student leader

- Has a personal relationship with Jesus Christ.
- Actively participates in church.
- Understands and completes Basic Training.
- Is an example to the children both in attitude and action.

- Is ready to encourage the children she serves.
- Faithfully attends all planning sessions and ministry gatherings.
- As with other leaders, student leaders should comply with their church's child protection policy. This includes never being left alone with children, engaging in physical horseplay, speaking and acting out in anger or violating a child's privacy.
